FUEL THREAT

and electric utilities continues. Citing a utility company report "that there will not be sufficient gas available during the next few years to meet all the requests ... by present and potential customers ..." Haley said, "there appears to be no reason for gas utilities to promote sales that will increase peak loads in the face of such a bleak supply situation."

The chairman of Michigan's Public Service Commission, Willis Ward, has asked gas and electric utilities to discontinue promotion aimed at new business "to avoid the solicitation of business which could not be served because of the gas shortage."

But two of Michigan's largest utility companies have taken diametrically opposite positions on the issue.

Consumers Power Co., which serves 1 million electric customers and 830,000 gas customers in the state, says it has dropped nearly \$1 million in gas and electric promotional advertising this year. Michigan Consolidated Gas Co. says it has no intention of cutting back.

The inability of a gas pipeline company to deliver promised supplies and delay in completion of a nuclear generating plant prompted Consumers' action, a spokesman said.

However, a Michigan Consolidated spokesman said: "Since we have sufficient gas to supply all anticipated new residential and commercial customers as well as essential industrial users, we believe it is necessary to inform the public of the advantages of natural gas over other fuels, particularly for domestic use and to encourage the purchase of gas appliances."

In Illinois—outside of Chicago gas shortages are affecting only large commercial customers. Gas utilities have established priorities approved by the Illinois Commerce Commission, which guarantee full service to residential users but allow restricted and interruptible service to new commercial and industrial customers.

gan after the Gomulka regime raised prices 17 to 20 per cent on food, clothing and other essentials in a prelude to a new five-year plan that was to begin next month.

In a television address after his elevation, Gierek said: "We will have to reconsider carefully the problem of the economic plan for next year and for the whole five-year period."

The riots, he said, resulted from "inconsiderate concepts in economic policy. We will remove these." He said his administration will consult with "the working class and intelligentsia."

He said hostile forces cannot "lead us astray or return us from the road of Socialism. We are going together with the whole great Socialist community and chiefly with our tested friend and ally, the Soviet Union."

Radio Warsaw said the party's Central Committee instructed the new regime to consider "possibilities for improving the material situation of low-wage families with many children, who, as a result of the change in prices, have suffered most severe losses in their budgets."

Observers anticipated bonuses or wage raises will be given to compensate for the increased living costs.

The riot-stricken cities apparently were quiet today. Warsaw Radio said workers in Gdansk and Gdynia had returned to work but did not mention Szczecin, hit hardest by the disorders. Telephone lines to Gdansk remained down and its airport closed to regular traffic a week after the riots began there.

Troops were believed still occupying Szczecin, and a source reported from Gdansk that tanks were on the streets and a nighttime curfew remained in force. Damage at Gdansk alone was estimated at \$3.5 million.

The Polish trade union newspaper Glos Pracy called the leadership change a turning point and praised Gierek's television address.

A mining engineer whose first job was in a French coal mine at the age of 13, Gierek is now 57. He developed an efficient party machinery in Silesia and earned a reputation as a top notch administrator. He had been mentioned for some time as Gomulka's successor.

Probe of Fire in Which 28 Were Killed

By BILL ROBERTS

Associated Press Writer
TUCSON, Ariz. (AP) — Juvenile Court petitions alleging felony homicide and arson were filed today against a 16-year-old youth in a \$2.5-million fire which killed 28 persons and injured 27 in a downtown hotel Sunday.

The youth was taken into custody near the scene of the early morning blaze, and questioned by police.

The petition identified him as Louis C. Taylor, four-time parolee from the State Industrial School for Boys.

Patrolman Claus Burgman said he arrested Taylor because he "was acting suspiciously and couldn't explain his presence in the building." Later, Burgman said Taylor said he was trying to rescue endangered guests.

Pima County Superior Court juvenile judge Ben Birdsall said Taylor "told us a number of different stories about the fire. He said he was at the scene and saw the fire start, but claims he saw another boy do it."

Several survivors of the flames which raced through the upper half of the 12-story Pioneer International Hotel said they had smelled a volatile substance in the corridors.

The fire in the 41-year-old building broke out on the sixth floor and flared through hallways and staircases, penning about 60 persons in their rooms with no way out except through the windows.

One woman plunged to her death from the seventh floor.

Among the dead were 13 prominent northern Mexico citizens, including two grandchildren of former Sonora Gov. Ignacio Soto, the wife and five children of Francisco Luken, Sonora police chief, and Dr. Jose Jesus Antillon of Hermosillo, one of his country's top cardiologists.

Harold Steinfeld, 82, builder of the hotel and owner of a department store died with his wife Peggy in their penthouse apartment.

Many of the survivors said they awoke with smoke pouring into their rooms.

Two firemen were injured when a fire department ladder broke during the rescue attempts. Capt. Ellis Franklin hung upside down for 25 minutes on a broken 45-foot ladder before he could be rescued.

On the ground floor 650 persons attending three Christmas banquets were evacuated safely.

The hotel was sold by Steinfeld in 1963.

Asst. Fire Chief R. B. Slagel said construction of the building was completed in 1929 and it was not subject to building code safety changes made later.

"Today all interior stairways must be totally enclosed—that is, there must be a door between the hallway and the stairway," Slagel said.

"Had this been the case here, the blaze probably would have been confined to the original fire. The stairway acted like a chimney and the heat went right on up it and into the hallways."

Slagel said that "if there had been a sprinkler system, no one would have died." However, city fire safety laws do not require such systems.

SENATE

(From Page One)

making only slow progress on the massive Social Security-welfare-trade bill.

The Senate took one test vote on President Nixon's family assistance plan Saturday, rejecting 65-15 a move to kill the proposal. However, there appeared no early sign of a vote on the plan itself.

The White House said over the weekend that President Nixon would force the 92nd Congress to convene immediately after the current session ends on Jan. 3 unless there is action on his legislation.

The President can do this by simply refusing to sign the congressional resolution that sets Jan. 21 for the next session to start.

The SST is part of an appropriations bill for the Department of Transportation. Under the current parliamentary situation, the Senate can only accept or reject the entire bill. It cannot vote separately on the SST, which it earlier rejected 52-41. The House always has supported the program.

A proposed compromise fell through late Saturday when Sen. Henry Jackson, D-Wash., one of the leading SST proponents, reportedly rejected it. The compromise would have allowed funding of the Transportation Department and of the SST program until early next year when Congress could again consider the matter.

The House largely is marking time, dealing with uncontroversial legislation and acting on conference reports. The major progress resulting from a closed session Friday night and a series of private conferences Saturday concerned five foreign aid and defense bills involved in the year-long effort of Senate doves to restrict U.S. involvement in Southeast Asia.

There were reports late Saturday, however, that some hawkish House members were holding out against a \$66.6 billion defense money bill because it contained restrictions on use of U.S. ground combat troops in Laos, Thailand and Cambodia. The House members reportedly were against the bill even though these restrictions have once been watered down.

Man Killed, State Trooper Shot in Leg

BEEBE, Ark. (AP) — Odus Watson Jr., 28, of North Little Rock was killed and State Police Trooper Wallace Cansler, 31, of Beebe was injured early Sunday in a shootout between officials and two burglary suspects.

State Police said that City Marshal Ben Wall, 31, of Beebe spotted the apparent burglary of Burrows Rexall Drug Store in Beebe shortly before midnight Saturday and called for assistance. Cansler, who was in McRae at the time, answered the call and helped Wall flush two men out of the store.

During the process of handcuffing Watson, Watson ripped Cansler's service revolver from his holster. The gun discharged striking Cansler in the knee, police said.

Authorities said Watson then fired at Wall, who returned the fire killing Watson.

The other man Herschel Jones, 28, of Little Rock was charged with burglary.

Cansler was listed in satisfactory condition Sunday at a North Little Rock hospital.

on the 1970 Federal Voting Rights Act at its last public session of the year. The ruling split the court and the justices took several hundred pages to set forth their views.

On the 18-year-old issue, Justice Hugo L. Black swung the significant fifth vote. He and Justices William O. Douglas, William J. Brennan Jr., Byron R. White and Thurgood Marshall formed the majority to hold that Congress has the constitutional power to enfranchise 18-year-old citizens for national elections.

Then, Black swung to join Chief Justice Warren E. Burger, John M. Harlan, Potter Stewart and Harry A. Blackmun to bar any interference by Congress with the age for voters set by the states for state and local elections.

Bill Contains Wildlife Refuge

WASHINGTON (AP) — The Senate has approved the conference report on the Omnibus Rivers and Harbors Bill of 1970, which contains authorization for a wildlife refuge near Felsenthal Lock and Dam in South Arkansas.

Television and Radio

By CYNTHIA LOWRY
 AP Television-Radio Writer
 NEW YORK (AP) — Television was full of decked halls, jingling bells and yule greetings over the week-end. Some of the holiday-gaied programs were a lot more fun than others for adults.

Ed Sullivan, in a major departure from format Sunday on CBS, presented a delightful little musical fantasy in which Art Carney and Jim Henson's marvelous muppets shared honors.

"The Great Santa Claus Switch" was the story of a year when Cosmo, king of evil, and his horrendous band of followers schemed to kidnap St. Nick on Christmas Eve. Cosmo's idea was to impersonate Santa on his rounds and to burglarize every home he entered.

The plot of course was foiled: the spirit of Christmas and Santa's loyal little elves fixed that. What with Carney playing both Santa and Cosmo, the wide and wild assortment of muppets and some pleasant tunes, there resulted a very nice 60 minutes with a program that deserves a repeat.

"Glen Campbell's Goodtime Hour," which followed, walked a fine line between comedy in the sketches and sentiment in the music. Generally, it came off pretty well. Glen's family was in view for another year. His father and mother did a number and so did his three sisters. Campbell's infant son, however, stole the show by making faces while his father sang a number surrounded by his wife and three children.

Andy Williams' holiday-time hour has been one of the programs which somehow have managed to project a nostalgic Christmas feeling year after year: A reunion of the Williams clan, from grandparents to grandchildren, evoke a atmosphere of old New England (or Iowa), and achieve a reverent attitude that never got out of hand.

This season's "Andy Williams Christmas Show" on NBC Saturday night missed its old mark

HELEN HELP US!

by Helen Bottel

IT MAY BE A LONG WAIT
 Dear Helen:

I have been separated 10 years, and was finally divorced last year. In all that time, I never dated, as I was busy raising the children. But now they're grown and married, and I'm a young 50, ready for still another life.

My son-in-law brought over his business partner, thinking to help me out. My daughter also

has a man in mind for me. But Helen, they aren't exactly my ideals. One is short, the other looks 20 years older than me, though he's only 55. My loving children tell me I'm too particular, but I know what I want. He should be at least five feet nine, fairly good looking, and MUST have hair! I met such a man at a bowling party. We danced together, but he didn't get my phone number. I'm afraid he is married, just having an evening out. He was SO handsome!

With him in mind, I can't bring myself to go out with those "ordinaries" my kids bring around. Am I really living in a dream world, searching for a fairy tale man, as they say? —GINA

Dear Gina:
 If a tall handsome man with hair is ALL you want, then I don't think you've learned much in your "single" years. My IGAP tells me you divorced such a man, right?

Why not give the "ordinaries" a chance? Good lookers sometimes aren't good lasters. —H.

Dear Helen:
 Why is it that men can go hunting in the wilderness, and survive just great without their little wives ministering to their every want? But at home—they're lost souls without Mama. I can't go on a short vacation unless I prepare weeks in advance, write down instructions for turning on the oven, arrange for the laundry to be done and the house cleaned. My husband can't even prepare a TV dinner by himself—at home.

When I get back, there are dirty dishes piled in the sink and all over the kitchen. The bed is unmade and the garbage hasn't been taken out in a week. Husband? He's lost in the shuffle of old newspapers: unshaven, dirty, hungry—with the TV log in his hand.

What makes men so self-sufficient on camping trips and so helpless when they are

Page Three
 wifeless in their own domain? —HUNTING AND FISHING WIDOW
 Dear Widow:
 Maybe it's because they want to let wives know how important we are to them. Or maybe it's just more fun (a matter of survival perhaps) fending for themselves in the wilderness. —H.

Dear Helen:
 Pants suits to work? Great! Even nurses are allowed to wear white pants suits now. With all the bending, etc. It's high time they lowered the requirements. (The thigh's the limit for sick men!)

Recently the leading door-to-door cosmetic sales company okayed pants suits for its saleswomen — and when sellers of beauty supplies are allowed such wear, it must be accepted universally.

A few banks and government offices are still hold-outs, but they'll come to pants before long. This is a style that is feminine and practical — and so much better looking than the midi-boot monstrosities.

Hip hip hooray for pants, say I! —SYLVIA

Hope Cagers Win Three From Emmet

By BILL MOORE

Star Sports Writer

Friday night, in Jones Field House, the Hope Ladycats, Kittycats, and B-Bruins all posted wins over the Emmet Eagles in the last games until after the Christmas holidays.

In the first game, the Kittycats won easily, 39-11, emptying the bench before the last quarter had started.

Taking the tipoff, Gigi Gladney was fouled and after she gave Hope a 1-0 lead, Karlene Coleman hit a three point play. Coleman and Gladney sank a few more goals and after Gill Herring sand a two pointer with 36 seconds left, the Kittycats held a 17-0 lead entering the second period.

Hitting a scoring drought in the second period, Hope managed three points while Emmett only hit two, as the half stood at 22-2, Hope seemingly in full command.

Emmett began the scoring in the second half with five straight points, but Hope's reserves, led by Gail East and "Pogo" Griffin, began to work their own offense.

With the score at 32-8 entering the last period, Griffin hit three free shots and East sank a field goal with 11 seconds left for a well deserved victory.

Gladney scored 16, Coleman hit nine, Griffin hit five, and East popped in four.

Evening their record to 4-4 for the still early season, the Ladycats knocked off the Eagles, 61-35, with some good defensive and rebounding work.

Falling quickly behind, 2-0, Betty Rodden hit the first Ladycat point of a free shot, but Hope couldn't do much for two and a half minutes as Emmett built a small 8-4 lead.

However, Hope tied the game at 8 all with 3:24 left in the first period. Three free throws by Emmett to Belinda East's two points, left Hope trailing at the quarter, 11-10.

Beginning to generate more offense now, the Ladycats tied the score at 16 all on Dee Singletons two free throws.

Later, tied at 24 all with 1:12 left in the first half of action, Carol Hobson hit two free shots and after McCain hit a three point play with 0:02 left, Hope held a halftime, 30-24, lead.

Returning to the court, the Ladycats hit four points for a 34-27 margin, and after McCain and Rodden combined for a 45-29 lead, each then hit a basket each, as Hope led, 49-34, entering the final period.

Outscoring the Eagles 12-1 in the last quarter, the Ladycats sent in all the reserves and rested most of the starters.

McCain hit the initial two points and then East hit a pair of charity throws for a 53-35, Singleton then hit three baskets and after Julia Brown hit a field goal with less than a minute left, the scoring had ended.

Playing defensively were Cindy Hollis, Sandra Hamilton, Judy Reyenga, Betty Honeycutt, Janice Hobson, Sharon Brown, and Renee Quillin, while Betty Rodden led the forwards with 21 points and McCain had 16.

In the last game, the B-Bruins defeated the Eagles, 46-44, in a tight squeeze to push their record to 2-0 for the season.

Roger Newton opened Hope's scoring with a two pointer and after Bill Rowland hit a field goal and two free shots with 4:35 left in the period, Hope took a 6-3 lead, which they never relinquished.

Using the shooting of Danny Joyce and Tim White, the B-Bruins build up an 18-6 lead, starting the second period of play.

Joyce, on the tipoff of the second quarter, hit a basket from the side for a 20-6, before Emmett began coming back for 11 points in less than three minutes.

After Danny Boyette hit a beautiful hook shot with 3:00 left on the clock, Hope hit eight quick points and took a halftime 36-23 lead.

Back on the floor for the second half, Emmett played all fired up and to within four, 39-35, before Glendon Martin hit two free throws and Joyce popped in one for a 42-35, B-Bruin lead,

Purdue in Upset Over Kentucky

By KEN RAPPOPORT

Associated Press Sports Writer
Oh, there's no place like home for the holidays ... except if you're the Purdue basketball team.

Then, it's sometimes better to play your games on the road.

The Boilermakers were invited to the Kentucky Invitational Tournament over the pre-Christmas weekend and wound up treating their hosts most rudely.

The result was an 89-83 upset victory over Kentucky's third-ranked powerhouse Saturday night.

"We're a young team and a lot of the guys have been a little slow starting," said Purdue Coach George King, but he could have fooled Kentucky.

Bill Franklin upped in one basket and scored on two-plays to spark Purdue's race-horse offense that buried the Wildcats with swift precision.

"Now we're putting it together," said King, after his surprising Big Ten team spoiled the Wildcats' 25-game home winning streak and handed them their first defeat of the year.

Other highly-ranked clubs had scares over the weekend before pulling out nerve-racking victories.

Second-ranked South Carolina squeezed by Virginia Tech 78-76; eighth-rated Southern California tipped Texas-El Paso 65-63 and No. 9 Drake held off Texas as Christian 79-78.

"I've got to figure we were lucky," said South Carolina Coach Frank McGuire after Tom Riker's tip-in with a second left pulled out hair-raising triumph.

South Carolina, its deliberate style of play steered by guard John Roche, held the ball for the last minute to set up the final shot. Roche knifed toward the basket and missed, then Riker pumped the ball through.

Virginia Tech missed some critical foul-shots. Paul Westphal converted both fouls in a one-and-one situation for Southern Cal, as the Trojans won the Sun Bowl Tournament at El Paso and Drake took Texas as Christian in the final of the Texas Classic at Fort Worth on Tom Bush's last-minute free throw.

Other teams in the Top Ten who saw weekend action included No. 4 Marquette, an 83-66 conqueror of Long Beach, Calif., State; No. 6 Penn, a 107-88 victor over La Salle of Philadelphia and 10th-rated Villanova, who beat St. Joseph's, Pa., 85-75.

Tournaments flooded the country, and there were a few surprises.

Unheralded St. John's of New York took the Vanderbilt Invitational at Nashville, Tenn., by beating the Commodores 85-81 behind Rich Lyons' three straight buckets at the end.

Michigan State, an upset winner over New Mexico the night before, ripped Rutgers 81-71 to win the Lobo Invitational at Albuquerque. N.M.

Marshall topped Mississippi 118-98 behind the 41-point performance of Russell Lee to take the Marshall Invitational at Huntington, W.Va. Johnny Neumann collected 43 for the losers.

Tennessee, the 14th-rated team in the country, downed Providence 77-58 to win the Volunteer Classic; No. 12 Kansas won the Jayhawk Classic by whipping Houston 89-73; North Carolina State took the Big Four by whipping Wake Forest 73-70; Nebraska grabbed the Husker Classic by topping Colorado State 69-65; Utah won the Utah Classic, beating Washington 89-78 and Southwestern Louisiana nailed the Bayou Classic by clobbering Oklahoma State 88-71.

Elsewhere Jim McDaniels 34 points led No. 11 Western Kentucky to a 100-90 victory over Butler; Rich Yunkus scored 33 to lead Georgia Tech over Auburn 87-76; Princeton beat Stanford 81-78; Oregon whipped Temple 76-65; Fordham topped Syracuse 89-75 and Penn State tripped Boston College 66-63.

Texas Tech Defeated by Georgia Tech

EL PASO, Tex. (AP) — Texas Tech's running machine smashed head on into the Rock Saturday in the 36th annual Sun Bowl.

The Rock didn't budge and neither did the 10 other pillars of granite composing Georgia Tech's defensive unit, as they led the Yellow Jackets to a 17-9 Sun Bowl victory over the Red Raiders.

It was the Georgians first appearance in the nation's third oldest post-season classic.

The Rock, who goes by the name of Rock Perdoni and who happens to be Georgia Tech's All-American defensive tackle, was in on 13 tackles Saturday despite playing with a bruised rib cage much of the second half.

The Yellow Jacket defense recovered three Texas Tech fumbles and intercepted three Red Raider passes. But that wasn't anything unusual for Georgia Tech's quick, aggressive defenders.

During the regular season, they forced their opponents to cough up the ball 29 times. The

Yellow Jackets recovered 24 of them.

In the Pasadena Bowl, Louisville of the Missouri Valley Conference and long Beach State of the Pacific Coast Athletic Association battled to a 24-all standoff. Leon Burns, Long Beach State's Little All-American running back, scored his third touchdown of the game early in the final period to cap the 49ers' comeback and they knotted the score with a two-point conversion pass.

Rangers and Hawks Good at Home

By HAL BOCK

Associated Press Sports Writer
Between them, the New York Rangers and Chicago Black Hawks have played 34 games on their home rinks in this National Hockey League season. And neither has been a very gracious host.

Both the Rangers and Hawks extended their home ice unbeaten streaks Sunday night, New York thumping Vancouver 5-1 while Chicago rallied to nip Pittsburgh 2-1.

In other NHL action Sunday, Toronto tripped Buffalo 4-2, California blasted Detroit 7-3, Boston ripped Minnesota 7-2 and Los Angeles walloped Montreal 7-2.

In Saturday's games, New York took Minnesota 5-3, Boston whacked St. Louis 7-1, Philadelphia and Los Angeles tied 2-2, Toronto blanked Buffalo 2-0 and Pittsburgh bombed Detroit 9-1.

The Rangers extended their home ice unbeaten string to 16 games, bunching three second period goals 3 1/2 minutes apart by Pete Sternkowski, Ron Stewart and Bob Nevin to take control of the game. Rod Seiling and Bill Fairbairn had scored in the opening 20 minutes for New York and Andre Boudrias connected for the Canucks.

It was the fifth straight victory for the Rangers who have lost just one game in their last 13, and it kept them two points behind the streaking Bruins, leaders in the NHL's East.

Meanwhile, in the West, the Black Hawks used third period goals by Pit Martin and Bobby Hull to squeeze past Pittsburgh. Hull's goal with 2:36 left to play, extended Chicago's home ice winning string to 13 games. The Hawks are unbeaten in 18 starts at Chicago this season and lead the West Division race by nine points.

Boston continues to streak at the top of the East Division. The Bruins have won eight straight

games to maintain their two-point edge over the Rangers.

Hot-shooting Phil Esposito picked up two goals and two assists for Boston, increasing his amazing scoring pace to 64 points in 32 games. Esposito now has 30 goals. Johnny McKenzie scored three times for Boston.

Toronto won its sixth straight game, knocking off Buffalo to move within one point of fourth place Vancouver in the East Division.

Dave Keon's tie-breaking goal in the second period moved the Leafs towards the victory—Toronto's second straight against their old coach, Punch Imlach, and the expansionist Sabres.

Billy Hicke and his younger brother, Ernie, each scored two goals as California routed Detroit, completing a disastrous weekend for the Red Wings, who allowed 16 goals in two games against the Pittsburgh Penguins and the Golden Seals.

The Hicke brothers got the Seals started with a pair of power play goals before the game was five minutes old and California just piled it on after that.

Exclusive Club Now Has L.A. Quorum

ATLANTA (AP) — The National Basketball Association's exclusive 20,000-point club now has a quorum in Los Angeles.

Jerry West, backcourt star of the Lakers, Saturday night became the fifth player in NBA history to attain that milestone when he pitched in a free throw with 8:57 left in the third quarter of Los Angeles' 116-104 victory over Atlanta.

The point, which brought a rousing ovation from a sellout crowd of 7,192, came after West was fouled by Hawk rookie Pete Maravich.

West joined two teammates in the club—Wilt Chamberlain and the injured Elgin Baylor. The others are Bob Pettit, a former Hawk when the team was based in St. Louis, and Oscar Robertson of the Milwaukee Bucks.

Flannigan Leads Southern State to Win

PINE BLUFF, Ark. (AP)—Al Flannigan led all scorers with 40 points to lead Southern State to a 77-75 AIC basketball victory over Arkansas AM&N here Saturday night.

AM&N held a 39-35 halftime lead, but the shooting and rebounding of Flannigan and Harry Hughes closed the gap and allowed Southern State to take the lead.

Gerald Lockett was the leading scorer for AM&N with 29 points.

Porkers Hold on to Beat Centenary

SHREVEPORT, La. (AP) — Arkansas fought off a second-half rally by the Centenary Gentlemen here Saturday night and scored the final nine points of the game to hand the Gents a 71-61 defeat.

The Razorbacks, now 2-6 for the season, took advantage of frigid shooting by the Gents in the first half to build a 33-20 lead at the half.

Centenary connected on only 26 of 81 field goal attempts for a 32 per cent average and at the half had hit only 19 per cent. The Razorbacks hit 48 per cent from the field on 24 of 50 attempts.

Bobby Vint, Vernon Murphy and Donnie Watts paced the Razorbacks with 17 points each. Don Louis led the Gents with 12.

Santa Anita Opens Season Saturday

Santa Anita opens its stake studded horse race meeting on Saturday.

The \$50,000 California Breeders Champion at seven furlongs features the opening of the famed California track at Arcadia and also headlines the holiday weekend in thoroughbred racing.

Elsewhere on Saturday there is the \$25,000 Hessian Handicap at Liberty Bell, the \$20,000 Capitol Handicap at Laurel, the \$20,000 Miami Beach Handicap at Tropical Park and the \$10,000 Sugar Bowl Handicap at the Fair Grounds in New Orleans.

There will be a lull on Christmas Day, Friday, with only Tropical Park and the Fair Grounds scheduled to operate.

Lincoln Downs in Rhode Island closes the New England season today and the Northern California season at Bay Meadows ends Tuesday.

Silver Isle failed to make it four in a row in the first running of the Saratoga Stakes at Bay Meadows last Saturday. Ipse \$5 won the six furlong race by a neck over Class A. Silver Isle was fifth and last.

Bobby Ussery rode three winners at Tropical Park including an eight-length romp by Lions Sleeps \$6.80 in the Coral Gables Handicap.

I'm For Mama \$3.40 and Taken Aback \$2.80 won the split divisions of the Poquessing Handicap at Liberty Bell while Tall Tail \$26.60 and Joey Bob \$3.80 took the split divisions of the Louisiana Breeders Futurity at the Fair Grounds.

Sport King went to the front at the start and was never threatened in winning the Monumental Handicap at Laurel. Sumter used similar tactics in winning the Happy Holidays Handicap at Lincoln Downs.

Cleveland Stock Turns to Bull Market

By THE ASSOCIATED PRESS
The Cleveland stock shot up with a 46-42 halftime lead over Chicago ... but it turned out to be a Bull market, anyway, by the time it was over.

The first-year Cavaliers, who haven't beaten an established National Basketball Association club yet, was on its way Sunday night with a four-point lead at the intermission.

It was an old story in Cleveland as the Chicago Bulls poured it on and surged to a 118-103 victory.

Elsewhere in the NBA, New York beat Phoenix 133-118; Milwaukee trounced Buffalo 131-101; Detroit whipped Cincinnati 136-132 in two overtimes; San Diego toppled Seattle 110-108

Chet Walker scored 12 points and Jerry Sloan chipped in with 11 in the third period to help Chicago shoot back from the four-point halftime deficit.

The Bulls hit 15 of 27 first quarter shots to take a 32-18 lead, then went flat in the second period as Cleveland steadily built its lead behind John Warren. Then Walker and Sloan took over in the second half.

L.R. Catholic High Moves Into AAAA

LITTLE ROCK (AP) — Little Rock Catholic High School will move up into Class AAAA ath-

letic competition beginning in 1971, Father George W. Tribou, principal of the school, said Sunday.

Catholic has been in Class AAA-West during the past two years, but could not compete for football championships because of scheduling problems.

The above photo shows Austin Hutson, local Lions Club President, accepting a check from officers of Section 5 Citizenship Club of Hopewell School. The money was contributed by children of the school to assure that all youngsters in the area would get a Christmas present. Shown in picture, left to right, David Pearson, sponsor; Donna Tunstall, Vice President; Mr. Hutson, Ricky Bennett, Secretary; David Sisson, President. Not present were Kim Mitchell, Treasurer and Mrs. Blizell, home room teacher of Section 5.

Allies Talked of Repelling the Russians

By KENNETH DAVIS
Associated Press Writer
LONDON (AP) — Just seven months before the D-Day landing "Hap" Arnold, then chief of the U.S. Army Air Corps, threatened to stop sending planes to Britain unless American bombers did a better job of daylight saturation attacks.

Gen. George C. Marshall, U.S. chief of staff, backed that threat. He told a meeting of the Combined Chiefs of Staff in December 1943, that there was no call for a huge force until performance improved.

U.S. warplanes were bombing in daylight around the world, he said, and were achieving twice that of the forces in the United Kingdom.

This glimpse of wartime problems besetting the Allies came today when the major part—100,000 documents—of the records of the Combined Chiefs of Staff of Britain and the United States were made public in London and in Washington.

Arnold apparently got hot under the collar over the suggestion of Air Chief Marshal Sir Charles Portal that one man should command both the Royal Air Force and U.S. strategic air forces based in Britain. Portal said he would not subordinate RAF operations to those of the U.S. 8th Air Force.

Arnold complained bitterly about the bombing from British bases. He said only 50 per cent of available aircraft were being used in operations. In other war theaters, he said, 60 to 70 per cent were being used. He also criticized target priorities.

"Unless better results could be achieved, no more planes should be sent" from the United States, he asserted.

The Combined Chiefs of Staff was created by President Roosevelt and Prime Minister Churchill during a meeting in Washington a month after Pearl Harbor. It ran the global military operations of the Western allies until after the victory of Japan and was disbanded in 1947.

The British Public Records Office released 89 volumes of minutes of CCS meetings along with thousands of related items, a total of about 100,000 documents. Only the records up to Dec. 31, 1945, were released today; the rest will be made public later. And many documents of the 1942-45 period were withheld for security reasons.

It was believed that the documents released today contained little if any important information that has not already appeared in the flood of memoirs by the war leaders.

Records of a meeting on June 29, 1944, tell of British opposition to the landing in Southern France which the Americans wanted to take pressure off Gen. Dwight D. Eisenhower's invasion forces in Northern France.

Adm. Sir Percy Noble said allied strategy must be "the use of maximum force wherever the enemy can be induced to fight."

Noble plugged for a drive through the Balkans instead of the invasion of Southern France, backing Churchill's plea to attack "the soft underbelly" of Axis Europe.

British military commanders and statesmen—and some Americans—still claim the Communists would not have captured much of the Balkan countries if the British advice had been heeded.

But both Gen. George Marshall and Adm. Ernest King stonewalled against the argument, and they carried their reluctant allies with them.

Senate Holds Key to Adjournment, Locked in Debate Over SST May Offer Withdrawal Timetable

WASHINGTON (AP) — Leaders of the drive to free American POWs in North Vietnam are beginning to favor the idea—so far opposed by the administration—of offering a troop withdrawal timetable in return for the prisoners' release.

The idea also appears to have support in the Senate, where early in the next session it could provide the basis for another stiff battle over administration war policies.

"If we're getting out of Vietnam anyway, why not get something for it," said Charles Havers, former member of the Pentagon's Prisoner of War Committee and now counsel for the National League of Families of American Prisoners and Missing in Southeast Asia.

The development signals something of a drift from the league's heretofore close alignment with the Nixon administration, which still rejects a fixed timetable for withdrawing American troops.

Mrs. Bobby G. Vinson, national coordinator of the league, says she thinks the timetable-POW bargain should be tried and that other relatives of captured and missing men probably feel the same way.

Communist negotiators at the Paris peace talks have offered to take up the prisoner problem immediately if the United States will set a date for getting its troops out of South Vietnam. Initially they demanded a June 30, 1971, deadline, but last Thursday asked the United States to propose any "reasonable date."

U.S. diplomats have rejected the idea so far. President Nixon has said setting a timetable would remove any incentive for the Communists to bargain effectively in Paris.

Senate Majority Leader Mike Mansfield, in a floor speech Saturday, called on the administration to accept a timetable-POW swap.

The Montana Democrat said the scope of U.S. involvement has not decreased in the past year and peace appears no closer.

Mansfield's speech may or may not be significant in view of indications Senate doves may try again in the next session of Congress to legislate a deadline for U.S. troop withdrawal.

Sen. George S. McGovern, D-S.D., a chief sponsor of the so-called Amendment to End the War that was defeated last summer, said in an interview the United States should accept the offer by North Vietnam and the National Liberation Front.

City Family of Four Needs 18% More Money to Live Than in 1967

WASHINGTON (AP) — A family of four living in a city needs 18 per cent more money to maintain the same standard of living it had in 1967, says the government.

Based on spring 1970 costs, a 6 per cent increase from the year before, a family of four must earn \$6,960 for a low standard of living and \$10,684 for an intermediate standard.

The report by the Bureau of Labor Statistics Sunday did not include an additional 3 per cent cost increase since spring, which would raise the figures to \$7,168 and \$10,893.

Other government figures show more than half the nation's work force, some 45 million persons, average only \$6,292 a year or less than the amount required for a low living standard.

The government report said taxes accounted for 30 to 40 per cent of the increase in the different family budgets. The estimated cost of Social Security,

Senate today held the key to congressional adjournment but remained locked in debate over the controversial supersonic transport—SST—program.

Senate sources say once the SST fight is resolved disputes over other bills can be settled quickly. But they admit the prospects of this occurring before Christmas are dim.

SST supporters tried Saturday to shut off debate on the program but the move was rejected 48-42. A new effort is scheduled Tuesday but there seems little chance supporters can gain the necessary two-thirds vote.

The roadblocks to adjournment all lie in the Senate, largely due to changes made by Senate-House conference committees trying to compromise differences in bills passed by each chamber. Most of the changes go against the position the Senate has taken.

Besides the SST controversy, a break is believed near in a stalemate over U.S.-Southeast Asia policy, but the Senate is

Crime Jumps 10% in First Nine Months

WASHINGTON (AP) — Crime in the United States increased 10 per cent during the first nine months of this year compared with the same period in 1969, the FBI said today.

Robbery increased 15 per cent, murder 9 per cent, aggravated assault 7 per cent and forcible rape 2 per cent, the FBI said.

Armed robbery, which accounts for two-thirds of all robbery offenses, increased 18 per cent during the nine-month period, the FBI said, and aggravated assaults with firearms increased 10 per cent.

Among property crimes, larceny of \$150 or more rose 14 per cent, burglary 9 per cent and auto theft 6 per cent, the report said.

Suburban areas recorded the largest crime increase—14 per cent, the report said, while crimes rose 9 per cent in rural areas and 6 per cent in cities of more than 250,000 population.

In a geographical breakdown, the FBI said Southern states reported a 14 per cent crime increase, North Central states a 10 per cent boost and Northern and Western states a 9 per cent hike.

Crime increases during the first three-quarters of previous years were 10 per cent in 1966, 16 per cent in 1967, 19 per cent in 1968 and 11 per cent in 1969.

Russia to Expand Aid to Egypt

By THE ASSOCIATED PRESS

The Soviet Union said today it is prepared to expand military and economic aid to Egypt.

A Kremlin communique said the pledge was made to Vice President Ali Sabry and other Egyptian visitors at a meeting in Moscow.

Sabry met in the Kremlin with Communist party chief Leonid I. Brezhnev, Premier Alexei N. Kosygin and President Nikolai V. Podgorny.

Another round of talks was set for Tuesday. The Egyptians arrived in Moscow on Sunday.

Tass, reporting the arrival of Egyptians for an eight-day visit, said the Soviet government had pledged "to give all-round support to the U.A.R. in its struggle against Israeli imperialist aggression."

The Soviet news agency also reported that a senior Communist party emissary in Cairo had "reaffirmed the Soviet Union's steady resolve" to back the Egyptians. This tended to confirm predictions by diplomatic sources in Moscow that Sabry and his delegation will get pretty much what they want.

Poland's New Leaders to Revise Economic Plan After Rioting

By NICHOLAS LILLITOS

Associated Press Writer

WARSAW (AP) — Poland's new Communist leadership indicates it will revise the economic plans that spawned last week's rioting and will maintain total allegiance to Moscow.

Otherwise, its future course is unclear. Western observers consider the new party First Secretary Edward Gierk a dedicated Communist identified with neither the liberal nor the nationalistic party factions.

Radio Warsaw reported Sunday that Gierk, the party's top economist and party secretary of Silesia, had replaced Wladyslaw Gomulka, who resigned along with President Marian Spychalski and three other members of the Politburo. Apparently Premier Jozef Cyrankiewicz was not affected.

There was no announcement that Spychalski had resigned the presidency or that a new president had been named. But since he was purged from the Politburo, it seemed unlikely that he would continue in the presidency.

Gierk's success in keeping his home province quiet was seen as a key to his promotion. As bloody riots shook Gdansk, Gdynia, Sopot, Szczecin and Slupsk—shipbuilding, seaport and industrial centers in the north—workers remained quiet in industrial Silesia, where violence was widespread during the bread riots that brought Gomulka to power in 1956.

Last week's disturbances brought Gierk's success in keeping his home province quiet was seen as a key to his promotion.

Fire Destroys Building at Bearden

BEARDEN, Ark. (AP) — A laundromat and dry cleaners were destroyed by fire here Saturday night and the Citizens Bank was damaged.

Fire units from Bearden, Camden and Fordyce fought the blaze until early Sunday morning. The fire was reported at 6:15 p.m. Saturday.

Officials said the fire started in a dryer at the laundromat and spread to two adjacent buildings.

Benton's Cleaners was destroyed and two rooms of the bank were heavily damaged.

John Anthony, bank president, said none of the records or money was destroyed, but he said he could not estimate the amount of damage done by the fire.

Two Charged in Deer Hunt Slaying

HARRISON, Ark. (AP)—Billy D. Carter and William Jeff Villines, both of Mount Sherman, (Newton County) were charged Saturday with the fatal shooting of a deer hunter.

Police said that William J. Taylor, 70, of Jasper, was apparently shot Friday near here after becoming involved in an argument with the two men, who were also deer hunting.

Shooting Death Investigated

LITTLE ROCK (AP) — Police said an investigation is continuing into the shooting death of Perry Brown, 55, of Little Rock, who was shot at a Little Rock cafe shortly before midnight Saturday.

Police said that a gun apparently dropped from Brown's belt to the floor, discharged and struck him.

Court Favors Voting by 18-Year-Olds

WASHINGTON (AP) — The Supreme Court approved 5 to 4 today lowering the age for voting in national elections to 18 years old.

But, in another 5-4 vote, the court barred lowering the age for state and local elections.

At the same time, the court unanimously upheld the elimination of literacy tests for voting, wherever they exist in the nation.

And it ruled 8 to 1 that states cannot set residence requirements of more than 30 days for voting in presidential elections.

High Enemy Officer Killed in Air Raid

SAIGON (AP) — The general commanding a Viet Cong division was reported today to have been killed in an allied bombing raid in eastern Cambodia two days ago.

A captured Viet Cong told South Vietnamese forces the commander was Gen. Muoi Tri, who led the Viet Cong 5th Division, a veteran of fighting against American forces in Vietnam which pulled back into eastern Cambodia about the time allied forces crossed the border last May. He had commanded Viet Cong forces in the Saigon area during the 1968 Tet offensive, the biggest enemy action of the war.

Lt. Gen. Do Cao Tri, commander of South Vietnamese forces in Cambodia, told Associated Press correspondent Dang Van Phuoc at Kompong Cham that the body of the Viet Cong general had not been recovered.

Troops of the Viet Cong 5th Division had been launching heavy attacks on Cambodian troops along Highway 7 and had cut them off from Phnom Penh. A week ago more than 2,000 South Vietnamese paratroopers landed in the area to help lift the siege.

Fuel Threat Brings Call to Cut Ads

By JEAN HELLER
Associated Press Writer

WASHINGTON (AP) — The threat of fuel and power shortages this winter has prompted several states to call for a moratorium on utility company advertising blitzes for new customers, but some companies have declined to go along.

An Associated Press survey indicates that while some electric and gas utilities have voluntarily cut back or changed the thrust of their advertising, others continue to court new customers despite the possibility of not being able to service them.

Earlier this year, the Federal Power Commission reported that 17 states had taken action to restrict or prohibit utility promotional practices and that 26 states had investigated the promotional practices of utilities in their jurisdiction.

The Oregon Public Utility Commission warned electric and natural gas utilities as early as 1964 against imprudent claims for their products.

Despite this and later warnings, however, according to Public Utility Commissioner Sam Haley, extensive promotional advertising by Oregon gas

SAIGON (AP) — U.S. and South Vietnamese forces have claimed killing 162 enemy troops in a weekend of stepped up action before the Christmas cease-fires.

Another high-level Egyptian delegation has begun talks in Moscow and was expected to get most of its requests in the areas of military and economic aid.

WASHINGTON (AP) — The Senate, which holds the key to congressional adjournment, remains locked in debate over the controversial supersonic transport program. Prospects for resolution of the SST fight before Christmas are considered slight.

WASHINGTON (AP) — Rep. Wright Patman, releasing the report of his House Banking Committee on the financially troubled Penn Central Railroad, says the railroad lost millions of dollars in an airline venture that represents "one of the saddest and at times most sordid" chapters in U.S. business history.

TUCSON, Ariz. (AP) — Police detectives say they are investigating possible criminal involvement in a hotel fire early Sunday that left 28 dead and 27 injured.

Patches of Oil Slick Found Washed Ashore

NEW ORLEANS (AP) — Patches of crude oil from a burning offshore drilling platform were found Sunday washed up on a 20-mile stretch of Louisiana's marshy coastline.

A spokesman for Shell Oil Co., which operates the work platform, said a chemical agent had been sprayed along part of the coastline darkened by the slicks in an experiment to contain them.

The affected coastline includes the federal Wisner Wildlife Management Area, a hunting area that is the winter home of ducks and other species of birds.

Fire Destroys a Cafe at Washington

Fire destroyed Mrs. Nettie Barrow's cafe at Washington Monday morning. Hope Fire Department sent two trucks to the scene and Nashville sent one.

The blaze was kept from spreading. The blaze apparently started in the kitchen. The fire threatened the valuable Washington Foundation's gun museum next door. However, any damage to the museum was limited to smoke which seeped into the well protected building.

The Senate voted to continue debate, 48-43.

Christmas Day Calls

Christmas Day will be busy for Elizabeth Gathright, Hope long distance telephone operator. She will be one of 34 operators on duty for Southwestern Bell to handle an expected record number of Christmas long distance calls made by Hope customers. Though most customers will be dialing their calls direct, there will be a large group of operators ready to assist callers.

As Hope families are planning for their traditional Christmas Day, telephone people are readying for another tradition—the busiest long distance calling holiday of the year on December 25.

"Santa creates more long distance calling than any other holiday," Mrs. Sarah Adams of Southwestern Bell said. "And this year a record number of Christmas calls are expected in Hope."

Last Christmas Day, Hope callers placed more than 8,300 long distance calls.

Mrs. Adams said there will be 34 operators working at the switchboards in Hope on Christmas Day to complete long distance calls that are not dialed direct by customers.

"We're hoping, though, that people will dial direct since they'll save money on most calls and those dialed direct generally go through faster," she added.

Busiest long distance calling hours Christmas are expected to be between 9 and 11 a.m. and 7 to 10 p.m. and Mrs. Adams suggested customers avoid those hours to make calls if possible.

"Long distance calls placed between noon and 6 p.m. on Christmas Day generally will go

through faster," she advised, "and remember Direct Distance Dialing when placing the calls."

Mrs. Adams also pointed out if a family can wait until after 11 p.m. on Christmas night, lower rates for calls dialed direct to out-of-state points will be in effect on most calls. These lower rates on direct dialed calls to other states will also be in effect all Saturday and until 5 p.m. on Sunday following Christmas.

The telephone company's "game plan" for handling the heavy volume of Christmas long distance calls includes an innovation called network management, Mrs. Adams continued. "In this case, the call might go to San Bernardino, California, and then to Boston, but the equipment works so fast the caller would never know the difference."

Telephone people in network management centers across the country keep close tab on the flow of long distance calls by watching status boards that have maps with lights to indicate when one city or a section of the country has overloaded circuits because of heavy calling.

Arkansas' network center is located at Southwestern Bell's long distance building in Little Rock.

Closer Racing Supervision Recommended

WEST MEMPHIS, Ark. (AP) — A state legislative committee has recommended closer state supervision of Southland Racing Corp. and other race tracks but said it failed to find any connection between Southland's directors, officers or stockholders and underworld figures.

The Joint Senate and House Advisory Committee of the state Legislative Council met in West Memphis Saturday for its final meeting. This spring the committee and the Racing Commission held separate hearings into Southland operations.

The investigations were begun after Richard Upton resigned as Southland president, saying he would not be a "puppet president" to Jeremy Jacobs, head of Emprise Inc. of Buffalo, N.Y. Emprise owns 46.6 per cent of Southland stock.

At the Racing Commission hearing, Rep. Sam Steiger, R-Ariz., testified that Jacobs had conducted business with persons whom Steiger said had been identified as members of the Cosa Nostra.

The report said the findings showed "generally that while there may have been some business associations between Jacobs and alleged members of the Mafia, this relationship was so remote that there was no definite indication that this association was such as to cause the Mafia to have a direct influence on the operation" of Southland.

Guy Newcomb of Osceola, the chairman of the state Racing Commission said Saturday, that he was not surprised that the report found no connection between Southland and organized crime because the commission's hearings also failed to establish such a connection.

The report said that patterns in the Jacobs organization nationwide showed that Jacobs acted as concessionsaires and that on "many occasions" made loans to the tracks or stadiums with low interest charged.

"Testimony also established the pattern that the Jacobs interest, after making such loans,

ended up with a substantial portion of their stock, and as in West Memphis, ultimately ended with controlling stock," the report said.

The committee called for state legislation to provide for closer supervision over the transfer of stock and the need for regulation preventing the concessionaire from gaining managerial control through stock purchases.

The committee recommended approval of the Racing Commission budget, which includes a full-time executive secretary of the commission. Currently, the state Revenue Commissioner serves as ex-officio secretary.

Newcomb said he was "pleased" that the committee had recommended approval of the commission's budget. He said that with a permanent executive secretary the commission would be able to have "better control" and could "keep up" with clerical matters.

Says Spying Expanded After Detroit Riot

DETROIT (AP) — A former Army intelligence agent says the service greatly expanded domestic spying after the Detroit riot of 1967 exposed gaps in its knowledge of possible civil dissenters.

In a telephone interview quoted by the Detroit Free Press, Ralph M. Stein, an ex-agent living in Flushing, N.Y., said that prior to this riot "the Army had only a few people in Washington monitoring newspapers and reports."

Stein said that in 1967-68 he was in charge of the Army intelligence "left-wing desk" in Washington, a national collection point for information about radical activity.

The Detroit riot "came as a surprise," he said, "and the intelligence officers got uptight because they were unable to answer all the questions of the generals."

Stein said his superiors in Army intelligence "were very conspiracy-oriented. They felt like if they could just find out who organized the riots and who ran them, then they might be able to stop them."

Penn Central Trouble Called Sad, Sordid

By JAY PERKINS

Associated Press Writer

WASHINGTON (AP) — The financially troubled Penn Central Railroad lost millions of dollars in an airlines venture a congressman says represents "one of the saddest and at times most sordid" chapters in American business history.

Rep. Wright Patman, D-Tex., made the comment Sunday in releasing a report by his House Banking Committee that showed Penn Central spent \$21 million to start a worldwide air service now worth \$2 million.

The report says \$6 million was dumped into the Executive Jet Aviation Inc., in the last three years—when the railroad itself was facing bankruptcy and was under Civil Aeronautics Board orders to sell the subsidiary.

The report also includes testimony that the aviation company supplied women as dates for railroad officials in what appeared to be an effort to divert their attention from EJA's problems.

It said EJA's founder, retired Air Force Brig. Gen. Olbert F. Lassiter, chronicled his friendships with a variety of women in "hundreds of colored photographic prints and transparencies... many of which show undraped women."

The photographs were kept on the EJA premises, the report said.

Penn Central currently is in reorganization under the Bankruptcy Act and is seeking federal help to continue operating. The report contends that Penn Central poured money into EJA for about five years, starting in 1964, despite continued EJA losses, doubts as to whether Penn Central could legally own stock in the company, and in the face of repeated recommendations that EJA's management be changed.

Ousted Hughes Empire Leader Ponders Action

LAS VEGAS, Nev. (AP) — Robert A. Maheu, ousted as head of Howard Hughes, \$300 million Nevada empire after a bitter court fight, is considering whether to take further legal action, his lawyer says.

Morton Galane, who conferred with Maheu Sunday, said no decision has yet been reached on whether to continue the battle against Hughes Tool Co. directors who fired Maheu Dec. 4 but had to go to court to make it stick.

Galane said "all facets of the case are being carefully studied."

Maheu, 53, a former FBI agent, had run Hughes' Nevada operations since 1966 under what he says was a personal agreement with the billionaire.

His refusal to accept dismissal touched off a two-week court battle that ended Saturday when District Court Judge Howard Babcock ruled in favor of the tool company directors.

The judge held that Hughes—reportedly vacationing in the Bahamas—had given the directors power to fire Maheu, and dismissed a temporary restraining order Maheu had obtained against them.

He also granted the tool company a permanent injunction forbidding Maheu from interfering with tool company control of all Hughes' Nevada properties, which include seven casinos, five hotels and 2,600 mining claims. Hughes is the state's largest employer, with a payroll of 8,000 persons.

In making his ruling, the judge dismissed as "not credible" the testimony of a witness introduced by Maheu—LeVane Forsythe, a Torrance, Calif., contractor—who said he saw Hughes being taken from his Las Vegas hotel last month.

Maheu's attorney had called Forsythe in an attempt to show that an ailing Hughes had been removed from his penthouse at the Desert Inn in a power grab by the tool company executives.

Maheu told a news conference after the judge's ruling he was still concerned about the well-being of Hughes, who hasn't been seen in public for two decades.

Maheu vowed to spend his own money to satisfy himself that Hughes was well and had ordered him fired, saying: "I will not leave a stone unturned until I am thoroughly convinced he is well and this was his wish."

Executives of the tool company, wholly owned by Hughes and the cornerstone of his \$2 billion fortune, contended throughout the dispute that Hughes, 64, was in good physical and mental condition.

Maheu, who says he never met Hughes face to face but took his orders by telephone and handwritten message, said he didn't know why the company's 10-man board of directors wanted to fire him. He added that he had been paid by Hughes to the end of December.

Plenty of Furniture in Storage

LITTLE ROCK (AP) — The wife of Gov.-elect Dale Bumpers says there appears to be enough furniture in storage for the mansion when Gov. Winthrop Rockefeller moves.

Rockefeller has said that much of the furniture in the mansion is his and he plans to take it with him to impress upon the state the need for allocating money to care for the mansion properly.

The Rockefeller's placed much of the furniture in storage when they moved into the mansion in 1967.

Mrs. Bumpers said Sunday that there seemed to be enough furniture. However, she said an extra bedroom set is needed.

The Bumpers have three children, two of them are teen-agers. Rockefeller said he would leave the carpets and drapes because they were tailored to the mansion. He said he would also present the state some Oriental rugs.

Mrs. Bumpers says she does not know when they will move into the mansion, but said she told the Rockefeller people there was no hurry.
